Amendment to Key City Gymnastics Club COVID-19 Safety Plan

The following is an amendment to **SCREENING/Daily Screening Checklist**: on page 8, bullet 1 of the Key City Gymnastics Club-COVID-19 Safety Plan.

The following addition has been made to this section:

Key City Gymnastics Club's (KCGC) Participant Declaration and Daily Screening Checklist requires a yes or no response to the following question:

Have you or has anyone in your household been in contact in the last 14 days with someone who is being investigated or has a confirmed case of COVID-19?

Under ordinary circumstances answering yes to this question would prohibit attendance to all KCGC programming.

KCGC understands that there are Health Care Professionals (HCP) who are essential workers and as such may be at higher risk of being exposed to COVID-19 and/or required to work with patients who have confirmed cases of COVID-19.

In such cases, KCGC requires written documentation from the HCP's place of employment, stating that up to date workplace protocols and Personal Protective Equipment (PPE) are in place and were being used by the HCP at the time of exposure and/or during patient care.

Upon receipt of written documentation confirming the above AND the class participant answering 'NO' to the remaining questions on the KCGC Daily Screening Checklist, he/she may attend his/her gymnastics class.
